

The following script should be followed in establishing and running a HARP (Hospital Amateur Radio Protocol) training net and should be attached to log form when Net is finished.

(a.) **Each hospital please fill in the blanks:**

HARP Net Parameters:

Hospital: _____

Net Day and Time: _____

Primary Repeater Frequency: _____

Secondary Repeater Frequencies: _____

(b.) **HARP NET Net Control Station (N.C.S.) SCRIPT:**

- Good morning, this is: (***Give Name, Call Sign, and Hospital***) Net Control for today's HARP NET.
- The purpose of this Net is to develop paths of communication between Hospitals using both Simplex and Repeaters and develop proficiency passing voice and Digital messages along these paths.
- This Net meets on every third Saturday from 10:30 to 1100 local time.
- This is a directed Net; all communications will go through Net Control.
- Emergency and Priority Traffic may break into this Net at any time.
- When checking into this Net give your Name, Call Sign, Hospital, or location, and whether or not you have traffic.
- Anyone wishing to check-in, please do so starting with your suffix of your callsign beginning with: A through J.
- List and Acknowledge check-ins.
- Anyone wishing to check-in with your callsign suffix K through Z
- List and Acknowledge check-ins.
- We will proceed with Training at this time.(only in September)
- Are there any late check-ins? (***List and Acknowledge any late check-in.***)
- Is there any other business to come before this Net before we close?
- Thanks to all who participated in the HARP NET today.
- This is (***Give Name, Call Sign, Hospital or location***), securing the HARP Net and returning all Repeaters to normal use. See you next month, third Saturday at 10:30 am.

73, All

- o **NOTE:** *During the month of September, the County Health radio operators will send a message to either hospital*
